

FORENSIC EXPERTS FORUM 2021 CONFERENCE

The Forensic Experts Forum brings together all relevant players within law enforcement, private industry and academia to exchange knowledge, expertise and experience, but also to identify new trends, developments and best practices in digital forensics. FEF 2021 will be a week-long conference with 3 hours sessions per day.

It will take place virtually from the 22nd to 26th of November 2021.

CALL FOR PAPERS

Do you work in the field of digital forensics and have a topic that you would like to share during the Forensic Experts Forum 2021? Send us your proposal!

What format should I send?

We are looking for contributions in the form of research, presentations, demos and workshops.

How long should my presentation be?

Your presentation should be maximum 45 minutes long.

What topics do you accept?

- › Emerging Technologies
- › Li-Fi, LoRa and Network Slicing analysis techniques
- › Automation
- › IoT Forensics
- › Vehicle forensics
- › Artificial Intelligence application in Digital forensics
- › Mobile and Embedded devices
- › Digital forensics
- › Anti-Forensics
- › Data recovery and reconstruction
- › Tool development and testing
- › Encryption/Decryption
- › Forensic procedures and best practises

Note that the list is suggestive only and we welcome any new, original ideas.

What is the criteria?

Proposals can be the product of research and development, case investigation/examination, professional experience, etc. Authors are encouraged to demonstrate the applicability of their work to practical issues.

What's the submission deadline?

Please send us your proposals before 23:59 UTC+1, 15th October 2021.

Where should I send my proposal or questions?

Please contact FEF@europol.europa.eu for any questions and to submit your proposal.
