

WANNACRY RANSOMWARE: RECENT CYBER-ATTACK

13 May 2017

[News Article](#)

The [European Cybercrime Centre](#), EC3, at Europol is working closely with affected countries cybercrime units and key industry partners to mitigate the threat and assist victims. The recent attack is at an unprecedented level and will require a complex international investigation to identify the culprits. The Joint Cybercrime Action Taskforce (JCAT), at EC3 is a group of specialist international cyber investigators and is specially designed to assist in such investigations and will play an important role in supporting the investigation.
