APPS

JUST A GAME?

Only install apps from official app stores

Before downloading an app, research the app and its publishers. Be cautious of links you receive in email and text messages that might trick you into installing apps from third party or unknown sources.

CHECK OTHER USERS' REVIEWS AND RATINGS

READ THE APP'S PERMISSIONS
Check which types of data the app can access, and if it might share your information with external parties. Does it need all these permissions? If not, don't download it.

INSTALL A MOBILE SECURITY APP
It will examine all the apps on your device and each new one you install later, alerting you if malicious software is found.

APP PERMISSIONS

- Your contacts
- Your phone calls
- Your messages
- Your microphone
- Your camera
- Your location
- Your storage
