Media Invitation

Europol - INTERPOL Cybercrime Conference 2013

The Hague, The Netherlands. The Head of the European Cybercrime Centre, Troels Oerting, and the Executive Director of the INTERPOL Global Complex for Innovation, Noburu Nakatani, are pleased to invite you to the first edition of the Europol-INTERPOL Cybercrime Conference, to be held on 24-25 September 2013 at Europol's headquarters in The Hague. This unique initiative brings together cybercrime teams from around the world to identify concrete ways of improving international efforts in combating this international crime and to further enhance coordination of investigative and other actions. The conference will be attended by over 200 participants from all regions of the world. For further information, please find below the programme for media on 25 September.

Venue: Auditorium
Chair: Troels Oerting, Head of EC3

Project 2020 is an initiative of the International Cyber Security Protection Alliance (ICSPA). Its aim is to anticipate the future of cybercrime, enabling governments, businesses and citizens to prepare themselves for the challenges and opportunities of the coming decade. It comprises a range of activities, including common threat reporting, scenario exercises, policy guidance and capacity building. The Project 2020 white paper was written in partnership with Europol. TrendMicro will launch a set of online videos called Project 2020, the web series, on Monday 23 September 2013.

<u>Speakers:</u>

Rik Ferguson, Vice-President Security Research, Trend Micro

John Lyons, Chief Executive, ICSPA

Troels Oerting, Head of the European Cybercrime Centre (EC3)

12h00 – 12h30   Break **- *Opportunity to interview speakers & hosts***
Venue: Central Hall/ Press Room
